

Is there any truth to NESARA?

Lord Metatron is saying, "No".

This again is very similar to Blossom's, shall we say, disclosure (predicted October 14 lightship decloaking) and it's working along the same avenue. They take a hope. Something that people really want or think they want and they discuss it. How it's going to happen now and it doesn't happen. It's going to happen now and then it doesn't happen and it is that swinging back and forth that not only deceives people but discourages them. And this is one of the classic workings of the dark. And if you have any issue that sits in front of you - Yes, it's going to happen and it doesn't happen. Yes ... and you look at over a period of time that is the swinging back and forth. Even if you don't have a sense of the truth of the matter it's going to become very suspect because that is not how manifestation works.

So that is one of the things that one can consider Truth.

Truth will manifest itself. Truth will not come close to manifestation and then turn away, come close to manifestation and turn away, come close so that it is almost within your grasp and then like a wispy cloud it is not in your grasp at all. And when you have a set of circumstances that operates in that manner you can be pretty sure that this is the dark.

And I would ask you a question – How many years have we been talking about NESARA?

(Richard) - I'm not sure, I've certainly been aware of it for at least a couple of years but it would be several years I expect.

Certainly. A situation like that as this happens is suspect right from the beginning. The dark uses people's hope. And then takes that hope and dashes it upon the rocks so that it falls apart in a million pieces. It is that very subtle and insidious manner in which the dark works. And it links into what we said earlier about how the dark can slide into the viewpoint and the aspirations of dedicated lightworkers.

Those two pieces need to be put together because that is the path.

You have to understand how it works and why it works. And NESARA has come within the consciousness of humanity because it is at this moment that so many people fear the economic picture throughout the world. And again, the dark is using that fear, the uncertainty of what is going to happen to the financial situation and they come in and they dangle NESARA in front of people's eyes and hearts and minds. This is your saviour they say – NESARA. And when that doesn't happen what is there left for the people? Not only is their hope dashed because their beloved ones who have been channelling for them have brought forth information that is not accurate, but then what happens to the fear. The fear is intensified. "It's those lightworkers that I have trusted, that I have felt safe with that brought forth more incorrect prophecies just like Blossom's prophecies of October 14th – they don't occur!"

And again, the people feel, “Where are the leaders? Where are the spiritual leaders? Where is my connection to the spiritual hierarchy? Again, we have been abandoned.”

And that, my dear friends, is the ultimate goal of the dark. It's not NESARA. It's not necessarily incorrect things that are seeping into your consciousness but what is beyond that is the feeling of abandonment. Because if the spiritual hierarchy has abandoned you, does that not mean that your God has abandoned you? And if your leaders, if your channellers, your advanced Masters and God have abandoned you, what possible chance do you have to survive? And in that desperation, the next conclusion would be – “Then why am I struggling to bring the light down to this planet?” That is the insidiousness of the whole situation because they come in – little piece by little piece – this is how they build. They go from one little fact, they put in another little fact and there is a string of them until it comes to the desperation and the despair and there are many out there that are feeling this now. And so we would say that your desire to bring this forth is most important.

To know that NESARA is not a plan.

What is the plan? It is to take what you already have and transmute that. To correct the errors and perfect them so that there is justice in the system.

You see if you think about it – ***Is NESARA just?***

Is it just to take money from one place and give it out to other people for no value exchange?

Or is it more just to purify what you have and reward those who work and labour and make sure that everyone receives a just wage. That everyone is given the opportunity for clean water and food and justice in the land. That is the way of Spirit. Not to slide something in on a silver platter and say, “Hi, here it is.”

It is one of those methods of discerning, “What is the Truth?”

Whenever you have a question you will gauge the answer with Truth, with honour, co-operation and love. To take money from one group and just distribute it out when someone has not earned it, is not justice, is not truth. But to make certain that those who labour are given their just reward for labour, that is Truth. And to set up a system in the country that the greedy ones shall be made powerless and that the power be brought back to the people – that is justice and that is Truth.
